

Shamwari Hunting Safaris – Zambia

The REAL Africa

There is no one in the world that has not been affected by the pandemic this year. Zambia has done an amazing job with containment and educating its citizens about this virus. We are extremely lucky to live in this country, and have watched with great sadness and trepidation the trials and tribulations that other countries have had to endure. As a result of Zambia's care and prudence we can finally announce.....

WE ARE OPEN!

Our camp is more than ready and the first clients will arrive on the 4th July. The airports are operating and to kick start the second half of 2020 we have some really great special deals on offer for the prime species hunts.

Special Offers for Rufunsa GMA

Shamwari Hunting Safaris – Zambia The REAL Africa

Over 260km of new roads have been opened to ensure access to the concession. A fly camp destination has been built so that clients can really experience the wild African bush. This is a very remote location and all supplies will be transported with the hunting vehicle. Location is on the border of Lower Zambezi National Park and alongside the Rufunsa River.

This is a superb opportunity to explore new areas of the concession this particular area was last hunted more than 10 years ago so the game is prolific.

Quality of Leopard available at Rufunsa is breathtaking.

Lion foot prints with ammunition for scale

Bushbuck spotted on stealth cameras

Lots of Buffalo movement in and around main camp with some super trophies viewed.

Due to virus issues this year, we have agreed with government to keep the camp open until December 2020.

All special rates – detailed above – are for 2020 only

Please contact us on for more information and we look forward to hearing and hunting with you soon.
